

Help Providence Public School Students Succeed!

Volunteers In Providence Schools is looking for volunteers to help make a difference in Providence Public Schools. VIPS seeks caring, consistent adults to boost students' reading scores through a high impact reading program. We provide training and support; the kids provide enthusiasm, appreciation - and results! VIPS tutors are asked to volunteer for a minimum of one hour a week. This initiative has proven successful in dramatically increasing key reading skills, class participation, self-confidence, and motivation. VIPS volunteers come from different backgrounds, experiences and ages. No experience is necessary. We will train you. Join our network of more than 1,200 volunteers. You can make a difference in the life of a child - and the future!
